

EPOXY FIX SUPER FAST

Description

Quick-setting, two-part epoxy resin adhesive. Super Fast provides strong adhesive suitable for bonding most materials in common use. Super Fast sets in approximately 5 minutes and after this time bond strength is usually sufficient for handling. No undue strain should be applied to the bond for 30 minutes. Very high bond strength is attained after 16 hours.

Uses

- ▶ Rigid Plastics
 - ▶ Metal
 - ▶ Aluminum
 - ▶ Wood
 - ▶ Glassware/Crystalware
 - ▶ Ceramic
-

Technical Features

- ▶ 2-part high strength epoxy adhesive
 - ▶ Dries clean in 5 minutes
 - ▶ Good for non-porous surfaces
 - ▶ Fills gap for uneven or not perfect fit surfaces
 - ▶ Available in 1 Shot 1mL, 6mL, 15mL, 35mL
-
